

# Food Saver

Jasmine, Morgan, Monet, Obehi, Sydney

## **Description/ Purpose**

- The website allows registered food providers to register and sell their soon to expire food at a very low cost.
- Sellers are able to register and create an account in order to add their products
- Customers can place an order for their selected food items and schedule a pickup to receive their order

## **Targeted Users**

- Users who want to be buy discounted grocery items.
  - Ex. college students, those from low-income households, etc.
- Users who want to sell their almost expired grocery items at a low cost.
  - Ex. grocery stores (Walmart, Kroger, etc.)
